

## WELBORN NEWS.

## Personal News and Items of Interest From That Progressive Town.

The farmers are now busy hauling out fertilizers, and judging from the amount sold the usual acreage in cotton will be planted.

This is a good section of country and we have a thrifty and industrious people as a rule; consequently our section of the country is on the up-grade. During the past season about 1,200 bales of Sea Island cotton was marketed at this place, which in value amounted to about \$85,000. We have room yet for more good settlers and citizens and will welcome them to our community.

While our town has not been on a boom, we have had a steady growth for the past two years. During this time 10 to 12 new dwellings have been erected and two are now in course of construction, one or two others are spoken of and the probabilities are that the good work will continue for a while yet, at least.

Mr. F. J. Mallory is having a new store house erected on his lot north of the railroad depot. When completed it will be occupied by the Cash Mercantile Co., composed of Dr. G. B. Smithson and R. M. Carver, with Mr. A. D. Hemming as manager. After having been out for eight years, Mr. Hemming returns to his favorite occupation. D. E. McDonald is the contractor for the new building.

It is rumored that Mr. A. A. Keefe has purchased the residence where his family have resided for several years, known as the Williams' place. If this be true, it will probably make them permanent residents of the town, which we will be glad to know and trust the report is as stated.

The first quarterly conference of the Methodist church, for Welborn circuit, was held here on the 13th and 14th inst., with Rev. J. A. Hendry, presiding elder present. There was a good representation present and the work was reported in good condition. The finances for ministerial support were well up and in excess. This, as were other reports, very gratifying to all concerned. The new Methodist pastor here this year is Rev. F. P. Jernigan. The gentleman so far seems to be doing a good work and the people and preacher appear to be well pleased.

Rev. Mr. Dell, a Missionary Baptist minister, who moved here last fall with his family, is now engaged in building

a residence for himself, which his family is now occupying. We are always glad to welcome good citizens and hope his coming among us will be productive of much good.

Mr. C. B. Oliff has recently applied a good coat of paint and white wash to his fence which adds much to the appearance thereof. Let the good work continue. Hope all of our citizens will do likewise, who need this kind of work.

Mrs. T. J. Hackney and Mrs. W. R. Moore have recovered after having a spell of continued fever. Ruth Griffin, niece of Mrs. Hackney, Freda and Claude, daughter and son of Dr. and Mrs. Hackney, also have fever just now. At present the patients are all doing well and hopes are entertained for their speedy recovery.

Mr. C. C. Hemming, brother of Mr. A. D. Hemming, of Colorado Springs, Colorado, was here recently on a visit to his brother and family. He was formerly a resident of this State and his old friends are always glad to see him.

Mrs. S. W. Gary and Misses Blanche and Ruth McLeran are now in south Florida, visiting friends and relatives in Plant City and Tampa.

Mrs. Annie Hill, of Largo, Hillsborough county, has returned home after a visit of a few weeks here to her parents, Mr. and Mrs. J. W. Bell.

Mr. Robt. M. Silas, of this place, and Miss Parrish of this county, were united in marriage on last Sunday and have taken up their abode at the residence recently owned and occupied by Mr. J. H. Cook, who has however sold out to Mr. Silas. We extend congratulations to the newly wedded couple and wish for them much peace and happiness.

Mr. W. L. Rogers has sold his place six miles south of town and at present is located here with his family. We hope Mr. R. will find it to his advantage to locate among us. He is a good citizen and hope to have him with us.

Mr. M. E. Oliff having sold his business interests at Houston, has accepted a position with the Bowen Grocery Co., Jacksonville, (wholesale grocers.) We wish him success in his new business.

Mrs. R. C. McClellan and children are here visiting, her husband's parents, Mr. and Mrs. W. H. McClellan.

Mr. J. J. Powers and wife have returned after an extended visit to friends and relatives in south Florida.

Assessor Meeks and Collector McLeod were here on the 22nd, in the interests of their respective positions.

## Who Will Succeed Taliaferro?

Governor Broward made the attempt to step higher—and failed. But it is generally conceded that he will again become a candidate for the Senate in 1910, whether Mr. Telfair Stockton is a candidate then or not. It is not at all likely, however, that the people of Florida will commit the folly of displacing Senator Taliaferro with either Broward or Telfair Stockton. The latter is a gentleman for whom the editor of The Sun has the highest respect and most kindly feeling, and though he is reported to have sufficient of the filthy lucre to scatter fifty thousand or so over the State and not in the least impoverish himself or family, we would dislike to see him become a candidate for the Senate. He would not cut any figure in the race and would simply not get a show for his money. It would take a man who has demonstrated his ability to do things to defeat Senator Taliaferro, and he will have to be a resident of some other section than the East Coast, too. If both Senators are to continue to come from the Atlantic side of the State, then Senator Taliaferro is by long odds head and shoulders above any man in that section who has so far been mentioned for Senator. He has shown his ability to accomplish results—and this is what will influence the Democrats of Florida in choosing his successor. If Congressman Sparkman does not decide to "measure swords" with Senator Taliaferro, the latter will be his own successor.—Gainesville Sun.

## Two Were From Boston.

Lynching is not confined to the South although our dear brethren of the northern press would have us believe otherwise, and to those who would condemn the actions of the Lakeland citizens we would ask the question of what would you do if this crime were committed upon one of your own family. Two of the most rabid members of the mob who burned a negro at the stake several years ago were residents of Boston, the cradle of abolitionists, and yet when the crime was committed almost in their sight these gentlemen forgot the early tenets of Garrison, and remembering only that they were men and the natural protectors of woman's sanctity, were the first to apply the torch. These same gentlemen in the home of their birth and in the peaceful realms of their own firesides would probably have condemned the lynch law. But present at the brutal assault and seeing with their own eyes the awful horror of such a standing menace, threw their Puritanical teachings to the winds and assumed the armor of the knights of old who are ever ready to avenge an insult to womanhood. Lynch law is deplored by all fair-minded citizens of the South, and yet, unless the present laws upon the statute books can be changed in order to mete out swift justice in these cases there seems to be no other mode of procedure to preserve inviolate the sanctity of the home and the safety of our Southern womanhood.—Sanford Herald.

## WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

R. L. Westmoreland, Ohio Ave., Live Oak, Fla., says: "My wife was in poor health for a long time. She complained of pains in her back, was very nervous and subject to headaches. The least work caused her to become all tired out. When I saw Doan's Kidney Pills advertised, I procured a box for her from the Suwannee Drug Co., and she began using them. A few doses made a great improvement in her condition, and she continued their use, the pains gradually disappeared. The contents of one box of Doan's Kidney Pills eradicated all signs of kidney disease from her system."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name — Doan's — and take no other.

## Hamlet

had melancholy, probably caused by an inactive liver. A bad liver makes one cross and irritable, causes mental and physical depression and may result disastrously. Ballard's Herbine is acknowledged to be the perfect liver regulator. If you're blue and out of sorts get a bottle today. A positive cure for bilious headache, constipation, chills and fever and all liver complaints. Sold by Suwannee Drug Co.
